

THICK BLEACH

Diversity Quality Sustainability

The very nature of Thick Bleach makes this product especially good at cleaning the vertical and sloping surfaces found in modern WCs. The viscosity promotes clinging to a vertical surface which prolongs the contact time and inherently the bleaching/disinfection action. When used in toilet enclosures Thick Bleach is very effective at stain removal and odour control. Thick Bleach should also be used neat for odour control and disinfection of drains and kitchen sinks.

- Viscous liquid clings to sloping surfaces
- Approx. 5% available chlorine – strong bleach power
- Use for odour and stain control
- Cold bleaching

METHOD OF USE:

Thick Bleach should be poured directly onto surface in lavatories and directly into drains when used neat taking care to mop up spillages and avoid contact with clothing. For cold bleaching make up the required amount of dilute solution and leave to soak overnight. Never pour neat Thick Beach directly onto garments.

ORDER CODE:

THBL18 – 12 X 750ML

THBL19 – 12 X 1L

THBL15 – 2 X 5L

PRODUCT INFORMATION:

Appearance: Clear, pale Yellow thick liquid

Odour: low

Usage: Use neat for drains, lavatories etc.

4 capfuls to 2½ litres for dilute solution

Shelf Life: 1 year
