

# WASHING UP LIQUID 10%

Washing Up Liquid 10% is a medium strength washing up liquid which may be used for hand dishwashing or as a general detergent concentrate.

- Medium strength product - 10% Active
- Washing Up Liquid 10% has excellent foam stability
- Unperfumed.
- Quality Systems ensure High Quality Product

## METHOD OF USE:

For the effective cleaning of cutlery and crockery, add Washing Up Liquid 10% to sink under running hot water. Good foam will result which should disappear when all Washing Up Liquid 10% has been utilised by the washing process, unless left for prolonged periods. Clean dishes and cutlery using a soft brush or cloth and allow to drain dry or wipe dry. Excessive soiling may require soaking for up to 10 minutes to aid cleaning.

Adding 6 capfuls of Washing Up Liquid 10% to 2½ litres water or more if required can make a “soapy water” solution. Wipe surface to be cleaned using a soft clean cloth, dry if necessary.

## ORDER CODE:

WU1019 – 12 X 1L

WU1015 – 2 X 5L
