

TOLIET CLEANER

Toilet Cleaner is an easy to use acid based cleaner that actually dissolves limescale and uric acid build up. This product is safe to use on Porcelain, Stainless Steel and Enamel surfaces.

- Easy to use neat as per instructions.
- Fresh Apple fragrance
- Dissolves limescale, cleans and kills germs in one application.
- Apply directly to toilet surfaces
- Low hazard product (safer than bleach)
- Quality Systems ensure High Quality Product.

METHOD OF USE:

Apply toilet cleaner directly to surface to be cleaned, ideally through a directional nozzle as supplied with the 1 litre bottles. The thickened formulation clings to toilet surfaces as it cleans. Toilet Cleaner dissolves limescale build ups as it cleans and kills germs (even under the water line). Regular application will eliminate limescale build up and maintain clean toilets. All our toilet cleaners incorporate a fresh apple fragrance which will leave any environment smelling clean and fresh.

For stubborn build ups it may be necessary to assist the chemical cleaning action of Toilet Cleaner using a stiff brush to help dislodge and agitate the limescale build ups.

ORDER CODE:

TCNM18 – 12 X 750ML

TCNM19 – 12 X 1L

TCNM15 – 2 X 5L

PRODUCT INFORMATION:

Appearance: Thick blue liquid

Usage: Use as required until desired results are achieved.

Shelf life: 1 year
