

## FAIRPORT

### PP193 Plate Compactor

**General purpose Plate Compactors with built in wheels for transportation. For compaction of sub-bases and asphalt these plates have high build quality and excellent performance.**

#### Traditional Reliability

- Robust construction for site durability
- Cast Baseplate with rounded edges
- Heavy duty, long-life bearings
- Built-in wheels for site transportation
- 460mm Base width – for asphalt and soil compaction
- Lifting points provided
- Optional Paving Mat available for block work
- Water Kit available for asphalt compaction
